TEMPERATE BROWN RACE

Why Japs Have So Successfully Contended With Their Big Adversaries.

DON'T PRACTICE EXCESSES

Water Drinking Custom Prevails Among Them and Probably Purifies Their Blood, Experts Say.

By displaying remarkable courage, stamina and intelligence in war against a giant military empire, the Japanese are teaching the white races some very valuable lessons. They are breaking down narrow prejudices based on color and deep-rooted conceit, and in that way widening the views and correcting the mental balance of many great nations. Most decidedly, they have done much to promote international fair play and toleration in all matters which involve Europeans and Asiatics.

But that is not all. There are less obvious effects of the demonstrations of Japanese physical prowess and mental power, which will be felt far and wide, with excellent results. For one thing the world is watching a most impressive object lesson on the value of temperance, not merely in avoiding intoxication, but in eating as well as drinking, and in all other physical indulgences.

The attention of laymen as well as physicians is attracted to the extraordinary work, mental and bodily, done by a frugal people, fond of dainty hygienic, lavish in the use of water, for bathing and for drinking, and very careful to have plenty of fresh air and exercise. Medical men have been so profoundly interested, in Europe and in America, that the influence of their profession will be exerted more actively than in the past on the side of the moderation which is so characteristic of Japan. The Medical Record sums up the conclusions of doctors quite accurately in the following paragraph:

"The Japanese race is a striking example of the good effects on the body and mind of temperate living. They have proved that a frugal manner of living is consistent with great bodily strength—indeed, is perhaps more so than the meat of the white man. As to the water drinking habit, which is so distinctive a custom with them, it is probably an aid to keeping the system free from blood impurities, and might be followed with advantage in European countries to a far greater extent than is at present the case. Hydropathy and exercise seem to be the sheet anchors of the Japanese training regimen, and judging from results, have been eminently satisfactory."

ROAD FROM OCEAN TO OCEAN.

California Capitalists Interested in Guatemala Transcontinental.

San Francisco, Sept. 20.—The Examiner says today that Mrs. Jane Stanford, the Crocker, Edward Searles and General Thomas Hubbard, as owners through the Pacific Improvement Company of the Guatemala Central railroad, have made a deal with Sir William Van Horne and his eastern syndicate by which they have become interested in an overland railroad in Guatemala. It will be 170 miles long from ocean to ocean, and will be completed within 12 months. It is proposed to run a line of steamers connecting with New York on the Atlantic side and another line on the Pacific connecting with San Francisco.

WILL SUPPRESS LAWLESSNESS.

Law and Order League Formed in Brooklyn.

New York, Sept. 20.—Sworn to put an end to the existence of gangs of street hoodlums, lawless organizations of foreigners, stop the carrying of concealed weapons and to protect women from insult and annoyance by rowdies.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs, it allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

74 business men of Brooklyn have become incorporated as the Citizens' Protective League for Law and Order.

The incorporators propose to encourage men of intelligence and standing to join the league and not to open the way to membership to everybody who may wish to join.

Sheriff Hesterburg of Kings county has appointed the members deputy sheriffs and steps may be taken to secure later special police powers for members of the organization. Special details will be assigned to work among the great crowds which surge to the Brooklyn bridge during the rush hours of morning and evening. These details will make extraordinary efforts to suppress rowdism in every form.

THIS WEEK FINISHES HOPS.

Shortage of 15,000 Bales Compared With Last Year.

Salem, Sept. 20.—This week hop picking in the Willamette valley will be finished, and the crop will soon be ready for market. The quality is fair, and, considering everything, the quantity is more than most of the growers and buyers expected. The yield, while not definitely known at present will be between 75,000 and 80,000 bales, a shortage of fully 15,000 bales.

The yards are free from mold and lice, except a few that were next to the timber and shady places, and these are not injured for commercial purposes. The red spider scare did not amount to anything, except, perhaps, to cause eastern buyers to withhold their orders until they can inspect the samples of the crop.

The market is quiet, although a few occasional sales are reported at prices ranging from 25 to 27 cents, but when the orders commence to come it is predicted that the 20-cent mark will be touched.

NARROW ESCAPE FROM MOB.

Driver Who Had Run Over Child Pursued With Stones and Bricks.

Chicago, Sept. 20.—An unknown man in a buggy has been attacked by a mob of 500 persons at West Twelfth and Halstead streets after he had run down and painfully injured Molly Nemkowski, aged 6. Hundreds of ghetto Jews celebrating the feast of Yom Kipper, pursued the buggy for blocks and bombarded the driver with bricks and stones till the police, brought by a riot call, fought their way through the crowds and rescued the driver.

A score of persons were injured in the attack and one made insensible by a blow on the head. Four were arrested, charged with disorderly conduct.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, Coughs, Colds and Grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Chas. Rogers' drug store.

LAST EXCURSION TO THE WORLD'S FAIR.

The demands for sleeping car space in the Denver & Rio Grande's popular through tourist excursions have been so great, three such excursions will be run on the next and last selling dates—October 3, 4 and 5. On each of these days special tourist excursions will be run from Portland without change of cars over the "Scenic Line of the World." October 3 there will also be run a special Pullman excursion. These cars will make stops en route at Salt Lake City and Denver, affording excursionists an opportunity of viewing the various points of interest about those cities. The daylight ride through the heart of the Rockies—God's art gallery of nature—is the grandest across the American continent.
Write W. C. McBride, 124 Third street, Portland, Ore., at once for particulars and sleeping car reservations. These being the last days upon which tickets will be sold at reduced rates travel will be particularly heavy.
